- See www.getfresh.ie for details
- Email sales@getfresh.ie

Account Key: 005273-000001-1024110241

Card No: 52730001

How it works:

A new system for school meals and snacks is being introduced to ensure that pupils can get a healthy meal every day.

Rather than receiving cash from parents, Mum and Dad can now load money directly into their son or daughter's school meal account where the money is stored safely, ready to be spent at the canteen on site.

Useful Facts

What to do if card is lost or stolen:

Your card should be treated like cash and kept safe, if someone else gets your card they can use it in the canteen until it is blocked.

You should report a lost or stolen card to the school or canteen staff as soon as possible.

They will block the card from being used.

Using this system implies consent for the use of the data you supplied which will only be used in relation to providing a cashless card service to your school canteen. The student's name and class may be added to the account at the school in order to provide a more secure and efficient service to you.

We may use your email address to contact you regarding the status of your account e.g. your card is blocked, found or needs a top up and to inform you of special offers, discounts etc.

Your credit card details will not be stored or accessible by us.

See www.getfresh.ie for further details.
